General (semester course as part of the Elective Rotation)

Art: This is a project based class allowing students to experience a variety of art materials. The program is based on standards for visual arts using the elements of design. Included are assignments to support the social studies curriculum and community art exhibits.

Drama: This class is an introduction to theater. In the semester-long class students will acquire lifelong theater skills (listening, interpreting, theater manners), develop a confidence in speaking to audiences, prepare and present a proficient performance, understand theater in all media formats, compare and contrast live theater, film, and television, and learn to enjoy and appreciate theatrical performances.

Quest: This semester class focuses on how to deal with the many challenges faced by today's middle school student. Topics include: how to improve self-confidence, successful goal making, managing stress, and knowing the risks associated with alcohol and drugs.

Technology: This course is designed to help students strengthen their 21st century technology skills. Students will use the features of Google Classroom, and continue work on their typing skills. Students will learn how to create simple graphics, animate simple objects, create videos using a green screen, and capture and edit video and photos.
